Message from the Vice-Chancellor of Plymouth University

Welcome to Plymouth University, and thank you for your interest in our academic community. We are a university that takes pride in its international reputation and standing, and the warm welcome that it offers all of its students, no matter where they are from in the world.

We are very proud of our partnership with Plymouth University International College (PUIC), which provides eligible students with a pathway into our vibrant academic community. The team’s expert support and tailored programmes help international students make the transition to life here in the beautiful south west of England, and to academic study at one of the top 350 universities in the world.

We are a university defined by our world-leading research in many key areas; our research-informed teaching; our commitment to nurturing talent wherever it is found; and our benchmark-setting approach to embedding sustainability and enterprise into all that we do. We have both high hopes for, and expectations of our students, who are the custodians and co-creators of our student experience.

So, let me wish you every success with your studies at PUIC and I look forward to welcoming you to Plymouth University.

Professor Judith Petts, CBE
Vice-Chancellor

Message from the College Director and Principal of PUIC

Plymouth University International College (PUIC) offers a wide variety of academic pathways in partnership with Plymouth University which lead to undergraduate and postgraduate degrees. Our unique approach to education transforms international students into Plymouth University graduates and lifelong learners.

From application through to enrolment, teaching and assessment, you will receive a first-class service here at PUIC. Our innovative courses are delivered by highly-qualified teaching staff in a modern, dynamic environment. In addition, our dedicated administrative support team is on hand to guide and encourage you throughout your studies, to help you realise your personal goals and set you on the path to a rewarding and successful career in your chosen profession. Our goal is your success.

At PUIC you will be expected to work hard but you will also have ample opportunity to enjoy your studies and the many social activities available both in Plymouth and the surrounding area.

Your constant interaction with teaching staff, PUIC’s support staff, peers and an ever-widening network of contacts will complete your learning experience and contribute to your success.

I applaud your decision to join PUIC as you embark on the most important phase of your life.

I look forward to meeting you when you arrive at PUIC and supporting you on the journey towards attainment of your Plymouth University degree, a degree that will provide an excellent preparation for your future career.

Peter McDonnell
College Director and Principal, PUIC
"When I graduate, I hope to become a professional scientist, specialising in marine biology. The best thing about the course so far has been that I can choose specific research topics. It means I can study themes that are relevant to my desired future profession."

Anastasiia Barilo from Russia, studying Marine Biology
YOUR PATHWAY TO A DEGREE FROM PLYMOUTH UNIVERSITY

Plymouth University International College (PUIC) is your pathway to a degree at Plymouth University. PUIC is part of the global Navitas Group, an internationally recognised education provider, with knowledge and staff resources in more than 100 different colleges and campuses worldwide.

PUIC offers academic pathways in partnership with Plymouth University that lead to undergraduate and postgraduate degree awards. For seven years we have successfully bridged the academic and English gap for over 1,200 students from 45 countries, providing high-quality courses equivalent to university-level study, based on the University campus. We support you in achieving your goal of becoming a successful Plymouth University graduate.
LAUNCH YOUR GLOBAL CAREER AT PLYMOUTH UNIVERSITY

With over 21,000 students on-campus and a further 17,000 students studying at related institutions both in the UK and overseas, Plymouth University is one of the largest universities in the UK. Twice awarded The Queen’s Anniversary Prize for Higher Education, it has won numerous accolades in respect of its teaching and its research. The University prides itself on high-quality teaching, academic excellence, outstanding facilities and supportive academic and welfare services.

WHY CHOOSE PLYMOUTH UNIVERSITY?

Internationally recognised degrees: Plymouth University has a strong reputation in the following academic areas: Accounting and Finance, Architecture, Art and Design, Biological and Biomedical Sciences, Building Surveying and Construction, Business, Computing, Economics, Engineering and Robotics, Environmental Sciences, Hospitality, Law, Marine and Ocean, Maritime Business and Logistics, Marketing and Tourism.

Live and study in Plymouth: join one of the largest student communities in the UK and enjoy the benefits of a safe, clean and picturesque living environment. Plymouth offers a vibrant student lifestyle with many cafés, restaurants, bars, shops and recreational facilities, and the University campus is in the heart of the city itself.

A proud history providing high-quality education: Plymouth University’s origins stem from 1862. It has a long tradition of providing internationally relevant degrees, and now offers programmes in over 100 academic areas.

Cost of living: Plymouth is an inexpensive city in which to live and study.
Work experience opportunities: 4,500 of the University’s students undertake work placements every year, ranging from short experiences in the summer vacation to year-long placements in the UK or abroad.

Academics involved in industry: teaching staff at the University are involved in, or have come from, the industry related to the subject they teach, keeping you up-to-date with the latest developments in their academic area.

State-of-the-art facilities: the University has recently invested over £300 million on upgrading and developing facilities to ensure that you have access to the most up-to-date equipment available. Ongoing refurbishment and development of new facilities both contribute to the University’s excellent infrastructure.

Plymouth University is now ranked inside the top 30 universities in the 2016 WhatUni Student Choice Awards.

Graduate from one of the best
Two-thirds of our research is recognised as being world leading or of international quality.†

Our graduates get jobs
92% of graduates go into work or further study within six months of graduating – one of the highest employability rates in the UK higher education sector.*

Plymouth University negotiates approximately 4,000 Plymouth University students obtain industry placements each year with some of the World’s most renowned companies, such as, Hewlett Packard, BAe Systems, PriceWaterhouseCoopers (PWC), Disney, Rolls Royce and Kawasaki. This option enables you to graduate from university ready for the workplace. Imagine, when you arrive at that first interview you will be able to produce not only a degree certificate, but also evidence of your year working within your chosen industry.

Careers and Employability Service
Not sure what you want to do with your life after university? Don’t worry, you’re not alone. Plymouth University has a dedicated drop-in Careers and Employability office, located in the middle of the campus, that can help you with a range of tasks including career direction, CV writing and interview preparation. The best part is you will still have access to this service even after you graduate!

* Destination of Leavers from Higher Education Institutions Survey 2013–14, Higher Education Statistics Agency (HESA), hesa.ac.uk.
† Research Excellence Framework 2014.

The University is proud to be the top green university in the UK and the first university in the world to be awarded the Social Enterprise Mark.
YOUR LIFE IN PLYMOUTH
BRITAIN’S OCEAN CITY

Plymouth boasts the impressive infrastructure you would expect from a modern European city, and its beautiful seaside location and friendly people have made it a favoured destination for tourists and students alike. With a rich history stretching back hundreds of years, Plymouth’s eclectic blend of modern and historic buildings and monuments reflect this lineage, as does the feel of the city.

LOCATION

Plymouth is located in the south west of the UK and enjoys superb travel links to other UK cities through its enviable and affordable range of transport options. London is approximately three hours away, enabling you to visit family and friends when your study schedule permits.

As well as a fantastic road and rail network, Plymouth has its own ferry port, with regular sailings to France and Spain, and is just an hour away from Exeter International Airport, giving you the opportunity to really explore the UK and beyond.

As one of the UK’s southernmost universities, Plymouth enjoys some of the mildest winter temperatures in the UK, and in the summer months residents enjoy temperatures around 20–25º – perfect for exploring Dartmoor National Park and the award-winning sandy beaches of Devon and Cornwall.

The reward for living in Plymouth is the outdoors. To be outdoors in summer or winter is compelling because the landscape is breathtaking.

Barbecues on the beach, picnics on the Hoe, hikes along the coastline, long bicycle rides on vehicle-free paths that traverse the moors – if being close to nature is a source of regeneration for you, this is the place to study.

THINGS TO DO

As the largest city in the region, Plymouth has a lot to offer. The city centre has excellent shopping, dining and leisure facilities, providing amenities within easy walking distance from the University campus and student accommodation.

Whether you’re dining with friends at one of our many restaurants and cafés around the city’s Barbican, grabbing a coffee and enjoying the coastal view along the historic Hoe, shopping at Drake Circus, or just taking a walk along one of the many beaches, you’ll soon feel right at home.

Plymouth Pavilions is the city’s main entertainment venue. Over the past few years it has hosted concerts by some of the world’s biggest stars – from A-list musicians to award-winning comedians.

Do you like sport? Then Plymouth will have something to offer you. The city’s football team, Plymouth Argyle, is the biggest club in the South West and has several international stars that attract an average crowd of around 9,000 people each week.
“I have never before, in my long and eclectic career, been gifted with such an abundance of natural beauty as I experienced filming *War Horse* on Dartmoor.”

Hollywood director, Steven Spielberg

While many universities brand themselves as either a ‘campus’ or a ‘city’ institution, Plymouth University is able to lay claim to both. Located in the heart of the city, the main campus of Plymouth University is the hub for all that is happening in Plymouth.

Of course, as a PUIC student, the campus is your oyster from the first day you arrive in Plymouth. With your ID card, you will have access to all of the excellent facilities on campus.

UNIVERSITY FACILITIES

The University has several eateries on campus, selling a range of different cuisines (including halal) at prices geared for students with both eat-in and takeaway options. In fact, such is the make-up of the city that it is possible for you to finish your lectures then pick up some lunch before enjoying it with panoramic coastal views on the historic Hoe.

Also on campus is the Students’ Union (UPSU), an area for both relaxing in the day and partying at night! With several coffee shops, a juice bar, pool tables and table tennis, it acts as the recreational hub for students during their downtime.

The multi-faith chaplaincy, located just a short walk from PUIC, is there for everybody, whether you have a faith, are searching for a faith, or just want to meet people. There are Christian, Muslim, Jewish, Hindu and Buddhist faith advisors with contacts at places of worship across the city as well as prayer rooms suitable for all faiths.

The award-winning Roland Levinsky Building houses Peninsula Arts (the University’s arts and culture organisation), the student information gateway, lecture theatres, a cinema, specialist art and design studios, a public art gallery, a 255-seat theatre for performances and a café with views over the city.

Nearby is the new £7 million performance arts building ‘The House’ with world-class facilities offering cutting-edge theatre in the heart of Plymouth.

While you’re on campus, why not spend some time in the historic Drake’s Place Gardens and Reservoir? This award-winning community space (restored and reopened in 2014) is a calm and relaxing oasis popular with the University and public alike.
DID YOU KNOW?

The Roland Levinsky Building was among the Huffington Post’s Most Beautiful University Buildings From Around The World.
PUIC IS YOUR PATHWAY TO PLYMOUTH UNIVERSITY

PUIC is an Associate College of Plymouth University, offering students a modern and dynamic educational experience. We are committed to providing educational pathways and support services in an environment that encourages you to achieve excellence in your studies.

As a PUIC student you will enjoy a range of benefits and privileges:

- Move seamlessly through your academic journey: your study pathway is designed to help maximise your potential so you can earn a bachelors or masters degree from Plymouth University.
- A great location: PUIC is situated on the University’s main city centre campus and is only five minutes’ walk from Drake Circus shopping centre, 10 minutes from the historic Barbican, and less than 15 minutes from most student accommodation.
- First-class service: enjoy small class sizes and personalised attention and care from our dedicated team of academic staff and support officers.
- Flexibility: PUIC is committed to maximising your university experience by offering three intakes each year in January, May/June and September for most pathway options.
- Excellent facilities: enjoy all areas of campus life by using your University card to access 24-hour computing facilities, the University library, cafés, sports complex and much more.

UNDERGRADUATE PATHWAYS

An undergraduate pathway is a single course comprising three or four stages of study, depending on your entry qualifications. After successfully completing this course you will be awarded a bachelors degree from Plymouth University.

University Foundation

The University Foundation programme is stage 1 of your undergraduate pathway. The transition from high school to university is a big step, perhaps the most important in your life, and our University Foundation programme is carefully designed with this in mind. The staff at PUIC will provide you with ongoing guidance and support as you gain the necessary knowledge and skills during your pathway. It is this partnership between you and the staff that will make this transition much smoother. At PUIC, we do not believe in generic foundation courses. Your course will be tailored to suit the degree that you have chosen. The University Foundation programme is for one or two semesters and you can begin your studies in September or January. Some pathways also have a third intake in May – see pages 13 and 14 for details.

First Year Degree

The first year degree programme is stage 2 of your undergraduate pathway. During the first year degree programme, you will experience the first year curriculum of your Plymouth University degree, with smaller class sizes and extra academic contact hours. The teaching and learning experience will enable you to fully develop your knowledge and understanding of each module to prepare you for stage 3 (the second year of your chosen degree) and stage 4 (the final year of your degree). The programme begins in September each year, and is two semesters in duration. Some pathways also have a second intake in January – see pages 13 and 14 for details.

Second Year Degree and Final Year Degree

Stage 3 is the second year of your degree and stage 4 is the third (final) year of your degree. These stages are taught at Plymouth University.

POSTGRADUATE PATHWAYS

A postgraduate pathway is a single programme comprising two stages of study. After successfully completing this programme you will be awarded a masters degree from Plymouth University.

Pre-Masters

The Pre-Masters course is stage 1 of the postgraduate pathway and can be either one or two semesters long. It has been designed to prepare international students who have not qualified for direct entry to Plymouth University’s masters degrees, including MSc Business and Management, MSc Tourism and Hospitality Management, MA Publishing, MA Creativity and Enterprise, MA Human Resource Management and MSc Marketing and Strategy. Undertaking a Pre-Masters will allow you to adjust to the rigorous research and independent study requirements of a postgraduate degree and get the most out of your masters studies at Plymouth University. The duration of the course (one or two semesters) will depend on your previous academic achievements. Intakes are in September, January and June – see page 34 for further details.

Masters

Your masters degree is stage 2 of the postgraduate pathway, and is taught at Plymouth University.

PRE-SESSIONAL ENGLISH

PUIC’s English language programmes are full-time courses specifically designed for international students who need to improve their English proficiency before starting their studies with PUIC. You can start an English language course in January, February, May, July, September or October.

*Overview*
YOUR STUDENT LIFE ON CAMPUS

ORIENTATION PROGRAMME
As a new PUIC student, your studies will begin with an orientation programme. During the programme, you’ll have the chance to settle in, make new friends, meet all the PUIC staff and ask any questions you may have about the College, the University and the wonderful city of Plymouth.

During orientation, information will be provided on:
• English culture
• adapting to studying in the UK
• accommodation
• immigration requirements
• health
• finance
• travel
• social and sporting activities.

You will also have the opportunity to:
• enrol in your pathway
• obtain a Plymouth University student ID card and email account
• receive your academic timetable
• take a tour of the campus and the city.

STUDENT SUPPORT
At PUIC we are fully aware of the concerns of new international students, and we will work to alleviate any worries you may have about studying away from home.

Our Student Support team is committed to ensuring that the personal and academic needs of all PUIC students are catered for. This team is specifically there to help you, although any of our staff will be happy to answer your questions. Studying abroad is an exciting and worthwhile choice. Our Student Support team works tirelessly to ensure that you are both comfortable and confident in your new study environment and that you enjoy the greatest benefits from studying at Plymouth University.

MULTI-FAITH PROVISION
Students and staff of the Plymouth University community represent a wide range of cultural and religious backgrounds. On-campus facilities include a prayer room and a multi-faith chaplaincy, which can also be used by different groups for prayer, meetings or quiet reflection. Multi-faith services are also available.

CONTACTS
Our Student Support team is always available to answer your questions and will be happy to provide you with any information or assistance you need.

Prospective PUIC students are welcome to contact us at any stage with questions relating to their studies:
T +44 (0)1752 411114
F +44 (0)1752 411115
E student.support@puic.plymouth.ac.uk

PUIC STUDENT COUNCIL
OPTIMISE YOUR STUDENT EXPERIENCE
Student Council elections occur in every semester of study.

PUIC Student Council members:
Saeel Dilipkumar Bhagat, India
Business and Enterprise
Yaroslav Nechai, Ukraine
Business and Enterprise
Taylor Ricardo Gittens, Barbados
Architecture and 3D Design
Madiara Bamba, Ghana
Environmental Science
Sak Lam Wong, Hong Kong
Architecture and 3D Design
Our degree aims to provide you with a comprehensive knowledge and understanding of accounting and finance theory and practice. In the 21st century, the role of the accountant has altered dramatically to meet the needs of economic change. Many of the major developments in accounting have been driven by internationalisation. This has created a greater demand for the services of accountants and has led to their influence extending to an array of new areas.

As well as giving our students a solid grounding in accounting principles and developing their personal and practical skills, our programme has been designed to ensure that graduates will be eligible for significant examination exemptions with the major UK accountancy bodies.

**Employment and career options**
Potential careers in: commercial banking, corporate finance, financial analysis, financial planning, forensic accounting, insurance, investment banking, management accounting, money management, real estate.

Employers of previous Plymouth University graduates have included: KPMG, PricewaterhouseCoopers.

**Professional accreditation**
Full accreditation by the Institute of Chartered Accountants in England and Wales (ICAEW).

Plymouth University hosts both the National Centre for Geography, Earth and Environmental Sciences and the Centre for Experiential Learning; both awarded for excellence and national leadership in laboratory-based practical work and fieldwork.

Our state-of-the-art laboratories have some of the most advanced equipment in the world and our new Immersive Vision Theatre can virtually place you anywhere – from the Earth’s core to another galaxy. Employability is a key aim of the curriculum, and most courses include work-based learning options or work placements designed to prepare you for your future career. All our courses also include overseas fieldwork options, which have seen students travel anywhere from rural France to the rainforests and mountains of Patagonia.

**Employment and career options**

Potential careers in: environmental consulting, environmental protection, geotechnical and resource exploration, surveying and planning.

Employers of previous Plymouth University graduates have included: Eden Project, Fugro, Geolog International, Hydro-Logic, Royal Botanic Gardens, Terra Search Pty.

**Professional accreditation**

Accredited by IES (the Institution of Environmental Sciences).

Employment and career options

Our informed, critical and detached graduates are in demand with organisations such as the European Union, United Nations, UK Civil Service, local and central government, charities and multinational corporations. Our students often return to Plymouth for further postgraduate study.

Living in such a diverse world as ours makes for a fascinating and complex study. Our demanding degree will ask you to discover, interact, debate and network to gain a thorough insight into the different theoretical and political perspectives behind today’s international issues. The course benefits from having a fresh contemporary approach to the study of international relations.

While you could go on to work as a solicitor, barrister or legal executive through the LLB course, you may prefer to pursue a career through the Legal Practice course as a probation officer or teacher, or working in public, private or voluntary organisations. After completing the LLB course you can progress straight to the Legal Practice course – a one-year programme that must be completed if you intend to become a solicitor in England and Wales – or the Bar Vocational course if you intend to become a barrister.

Employment and career options
Potential careers as: Barrister, Legal Clerk, Public Servant, Solicitor.

Employers of previous Plymouth University graduates have included: Foot Anstey, Wolferstans.

A Law degree is widely recognised as a qualification that can lead to a variety of careers, not just in law, but also in the private and public sectors.

“Law is a very tough subject, but my lecturers have been excellent and have really helped me with my assignments. The best bit of my course so far has been equipping myself with the correct study skills to help me during the rest of my degree.”

Fatemeh Torkashvand from Iran
Shipping experts are in great demand, and must make tough decisions on a daily basis about the speed, cost, flexibility and safety of moving goods around the globe. Port agencies, ship operation companies, marine underwriters, cargo brokers and maritime publishers are just some of the businesses in which you may find an exciting and rewarding career as one of our Maritime Business and Logistics graduates.

**Employment and career options**

Potential careers in: cargo broking, marine underwriting, maritime analysis, port management.

Employers of previous Plymouth University graduates have included: port agencies, ship operations companies.

The tourism and leisure sectors are two of the dominant industries of the 21st century, employing an estimated 100 million people globally. They provide more than 10% of total employment worldwide, with up to 25% of all employment in areas such as the Caribbean.

The continually evolving scope and direction of these industries is reflected in the lectures, tutorials and practical sessions of Plymouth University’s Tourism degrees. Plymouth University is recognised as one of the UK’s best universities for a degree in Tourism, and will allow you to delve deeply into present-day theories of tourism management and supplement it with hands-on experience. Whether you see yourself in a management role in a five-star luxury hotel or working for a national tourist board, our degrees will prepare you for a great career in the tourism industry.

Employment and career options

Potential careers in: airline management, conference centre management, cruise company management, hotel management, resort management, tour operating, tourist board management.

Employers of previous Plymouth University graduates have included: Kempinski Hotels, Luxury Group, regional or national tourism authorities.

Successful completion of this pathway will lead to the award of one of the following from Plymouth University:

- BSc (Hons) Business and Tourism
- BSc (Hons) International Tourism Management
- BSc (Hons) Tourism and Hospitality Management
- BSc (Hons) Tourism Management

* Subject to change, please see www.plymouth.ac.uk/puic for the up-to-date pricing.

“Studying at PUIC first was a great thing for me. They gave us so much support, in small classes to ensure that we were ready for university. Because of this, I feel like I am better prepared than students joining the course at the first year.”

Falah Alajmi from Kuwait, studying Mechanical Engineering
WHAT IS A PRE-MASTERS?

A Pre-Masters course is designed to prepare students for a masters degree in the UK.

You should study a Pre-Masters course if the undergraduate qualification you have does not quite match the entry requirements to study a course directly, or you are studying something completely different to the subject of your undergraduate degree. We can even accept students who believe that they need a little bit of extra support before they take on a masters degree.

The overall objectives of a Pre-Masters course are to:

• organise your study plans and develop crucial time management skills to achieve research goals and maintain solid performance levels
• understand the importance of attaining in-depth knowledge of terminology as used in a given topic area, as a basis to further study
• understand and be able to apply appropriate and effective methods of communication to meet formal assessment measures
• understand the development of the industry and/or scholarship in relation to a given topic under study
• understand the rules applying to plagiarism and collusion
• be able to work as an individual, in a small team and in a larger group to effect data collation, discussion and presentation of evidence.

CORE PRE-MASTERS MODULES IN DETAIL

Research methods for postgraduate study

Studying for a postgraduate qualification in the UK can be very different from similar courses in different parts of the world. Even if you have studied for your undergraduate degree in the UK, it is likely that the methods by which you will research will be different to what you are used to. The Research Methods module aims to help you with this, to ensure that when you begin your masters programme, you are properly prepared.

By the end of this module, you will be able to:

• recall, define and compare various research methodologies and research methods
• understand good research, bad research and the attributes of effective researchers
• practice and illustrate the importance of self-study and reliance; this involves cultivating and developing a responsibility within each student to take cognizance for their own learning, initiative, effective time management and self discipline within the academic and professional environments.

Interactive learning skills and communication

Studying at postgraduate level in a language that is not your own can be very challenging. That is why the Interactive Learning Skills and Communication module exists, to help students with developing their English in an academic setting, whilst learning the key components of what it takes to be successful at postgraduate level.

By the end of this module, you will be able to:

• demonstrate a comprehensive set of clear writing techniques (plain English, factual and persuasive writing) that can be applied to a variety of written formats
• employ appropriate terminologies across subject contexts
• proficiently use techniques and technology in the collation, interpretation and presentation of data in oral and written formats
• select, read, digest, summarise and synthesise information material in a variety of forms, both qualitative and quantitative (text, numerical data and diagrammatic) and in an appropriate manner to identify and determine key facts/themes, relevancy and assessment of problems and identification and implementation of solutions.

Critical thinking for postgraduate study

The aim of the Critical Thinking module is to develop a range of critical thinking skills necessary for successful study at postgraduate level, but
Postgraduate programmes also to improve your command of English to an appropriate level and enhance skills in using English. Because of the mechanics and methods involved in studying at postgraduate level, this is a particularly important component of the Pre-Masters course. By the end of this module, you will be able to:

- define and critically assess arguments and evidence from a range of academic sources
- distinguish between a ‘good’ and a ‘poor’ argument and justify conclusions using appropriate terminology
- begin to develop a very good conceptual understanding and evaluation of the main aspects of business studies that can serve you well in your future studies and careers.

A PRE-MASTERS IS FOR STUDENTS WHO MAY:

- require additional English language training
- come from an academic background different to that of the UK and do not meet the University’s direct entry requirements
- have been away from studies for a period of time
- are looking to fine-tune skills already gained during undergraduate studies, employment or both.
## POSTGRADUATE PATHWAYS
### AT PUIC AND PLYMOUTH UNIVERSITY

**Programmes** | **Duration** | **Intakes** | **Structure** | **Assessment**
--- | --- | --- | --- | ---
Pre-Masters (Stage 1) | One or two semesters (depending on your level of previous academic achievement and choice of pathway). | September, January and June | While at PUIC, you will study a series of modules that will prepare you for a seamless progression to stage 2 of your chosen taught masters degree. All modules include core academic skills relevant to postgraduate study. | Assessment for most modules is continuous, and consists of examinations, assignments and case study analysis. | Modules will be assessed via examinations, assignments, essays or seminar performance. Assessment may also include individual or group projects and presentations. For most masters degrees, preparing and submitting a major project or dissertation will form a large part of the assessment and final grade. 

Masters (Stage 2) | One academic year (students commencing their masters degree in January should allow 15 months to complete the full programme). | September and January (MSc Management only) | The masters programme offers you the chance to build on what you have learned during the pre-masters course and improve your professional understanding of your particular area of study. A taught masters degree usually consists of a series of specialist modules in structured class, seminar or tutorial formats. A research thesis component may be included, but will be much shorter than what is required for a research masters degree. However, most taught masters degrees will have a final major project or dissertation component. |

One very important part of your student experience will be where you choose to live during your time at PUIC. We are really proud of our accommodation options and believe them to be some of the best in the Navitas UK network. Thanks to our partnership with leading provider CleverStudent Lets, we can offer our students some of the smartest and competitively priced accommodation options in the city of Plymouth.

So what can we guarantee? Well firstly, all of our accommodation options are designed with safety and security as the priority. Rent always includes all utility bills (gas, electricity, water, television licence, cleaning service and a high speed internet connection) and all rooms are ensuite. Lastly, none of our accommodation is more than a 15 minute walk from the university campus.

In all properties students will have their own private study bedroom. Rooms are fully furnished with a double bed, wardrobe, chest of draws, bedside table and study desk. In all shared properties, there are ultra-modern fully equipped kitchen spaces and laundry areas. Most properties have a shared television room and some also feature a large study area with games room.

We have different options for different budgets, so whether it’s your very own studio apartment or an ensuite room in a shared flat that you’re after, we have options for you.

BOOKING ACCOMMODATION

You may apply at any time for accommodation and you are able to book well in advance of arriving in Plymouth. We encourage students to book their accommodation as soon as they receive their CAS and certainly before arrival. Confirming your accommodation in advance will also allow you to choose from a great range of options.

For more information, please contact our Student Services team on student.services@puic.plymouth.ac.uk
“I chose PUIC because the grade that I achieved in my degree was not quite high enough to go straight onto the masters course. The pre-masters was essential to me studying a masters in the UK.”

Aoran Shen from China, studying Business and Management
YOUR ENGLISH LANGUAGE PREPARATION

English language training is conducted on campus by PUIC during every PUIC semester, with intakes in January, May and September. You will be placed in a class according to your English skill level, and must attend classes for up to 25 hours each week during your English language programme. You must successfully complete your English language programme to progress to the academic components of your chosen undergraduate or postgraduate pathway.

During your English language programme you will be taught by well-qualified instructors with considerable experience in teaching English in the UK and overseas who will take a personal interest in your progress and wellbeing. Classes are conducted in small groups using modern teaching methods.

The classes are intensive and you will also be required to complete homework and out-of-class assignments. Your coursework will be assessed throughout the semester, and a final examination will be held in the last week of classes.

By participating in a PUIC English language programme you will:
- develop a broad, academically useful vocabulary and improve your pronunciation, grammatical skills and understanding
- build skills to improve your lecture note-taking and seminar participation
- develop essay, report and academic assignment writing skills
- improve your reading comprehension and develop the research skills needed to read academic texts, journals and papers efficiently and effectively
- develop public speaking and presentation confidence
- build the independent study skills needed to succeed in a university environment.

Two week programme
Who it’s aimed at: students who are almost at CEFR B2 but are lacking by 0.5 in just one IELTS discipline. This course ensures that the student has reached 5.5 in each discipline before they progress to their chosen academic course.

One semester programme
Who it’s aimed at: students who have no less than 4.5 in any discipline but may need to improve in several disciplines. This course ensures that the student has reached CEFR B2 before they progress to their chosen academic course.

Two semester programme
Who it’s aimed at: students who have no less than 4.5 overall with no less than 4.0 on any discipline and may need improvement in several disciplines. This course will increase a student’s IELTS score by 1.5 in each discipline before they progress to their chosen academic course.

MINIMUM ENGLISH LANGUAGE ENTRY REQUIREMENTS FOR DIRECT ENTRY*

Foundation
5.5 overall with no less than 5.5 in each discipline

First Year Degree
6.0 overall with no less than 5.5 in each discipline

Pre-Masters programme
6.0 overall with no less than 5.5 in each discipline

Foundation (three semester)
5.0 overall with no less than 4.5 in any one discipline

NAVITAS BURSARIES AND SCHOLARSHIPS

NAVITAS FAMILY BURSARIES
Navitas offers financial support in the form of family bursaries. A bursary applies where two or more students from the same family study with a Navitas member institution.*

The bursary is equivalent to 10% of the tuition fee of your programme of study.†

NAVITAS ACADEMIC MERIT SCHOLARSHIPS
Navitas is committed to helping you achieve your career goals by offering scholarships to outstanding students.

Each term, Navitas colleges* award two students with academic merit scholarships.

For more information, talk to an Advisor at your college about how to apply for a merit scholarship or visit individual college websites and search for 'scholarships and bursaries'.

APPLICATION CHECKLIST AND DECLARATION

We require the following section to be completed in order to process your application.

Check that you have:

- Completed all sections of the application form
- Read and understood the Conditions of Enrolment, including the Fee and Refund Policy within the brochure or on the website

You must submit full academic transcripts/certificates and proof of English proficiency so that we can assess your eligibility for your selected study Pathway. If these documents are not submitted with this form, we will not be able to process your application.

(5) DISABILITIES/SPECIAL NEEDS

Please indicate in the next column whether or not you will need any additional support or facilities. We will pass this information on to our Student Services team who will liaise with you to support you through the admission process and determine whether we and the University can meet your study needs.

☐ I have no known learning/physical disability
☐ I have a specific learning/physical disability

Please give details of any adjustments needed and attach further information as necessary.

(6) DECLARATION OF CRIMINAL CONVICTIONS

Please indicate if you have any unspent convictions ☐ Yes ☐ No

You do not need to inform us of any spent convictions (as defined by the Rehabilitation of Offenders Act 1974). If you are not sure whether you should tell us about a previous conviction, you should seek further advice from a solicitor or advisory body.

(7) IMMIGRATION

Have you previously applied for any visa to enter the UK? ☐ Yes ☐ No

If ‘Yes’ please complete below

(9) APPLICATION CHECKLIST AND DECLARATION

We require the following section to be completed in order to process your application.

Check that you have:

☐ Completed all sections of the application form
☐ Read and understood the Conditions of Enrolment, including the Fee and Refund Policy within the brochure or on the website

I declare that the information I have supplied on this form is, to the best of my understanding and belief, complete and correct. I understand that the giving of false or incomplete information may lead to the refusal of my application or cancellation of enrolment. I give permission for PUIC to obtain official records from any educational institution that I have attended. I also authorise PUIC to supply any relevant official records to educational institutions to which I am seeking admission, to government bodies and to parents/sponsors if required. I understand that Course Fees are subject to review; I accept the conditions as laid out in the PUIC Payment and Refund Policy and accept liability for the payment of all Course Fees as outlined within. I understand that living expenses in the United Kingdom may be higher than in my own country and confirm that I am able to meet those costs. I hereby consent to PUIC disclosing my personal information to third parties in the manner set out in PUIC’s Privacy Policy, which includes:

- Disclosure to PUIC representatives (agents) acting on my behalf;
- Disclosure to Plymouth University to facilitate progression from PUIC to the next stage of my studies;
- Disclosure to Navitas Ltd and its affiliates for the purpose of communication regarding pathways and services offered by Navitas Ltd and its related companies.
